-Professional Summary

Dedicated Flutter Mobile App Developer with solid hands-on experience in building and deploying cross-platform mobile applications for Android, iOS, and web. I have completed a certified internship with Route Academy and am currently advancing skills through a Flutter internship with DEPI. Skilled in Flutter, Dart, Firebase, REST APIs, and modern state management (Provider, Riverpod, BLoC). Developed multiple real-world projects, including a feature-rich Movies App using Clean Architecture, MVVM, and BLoC. Passionate about delivering responsive, user-friendly, and scalable apps, with a strong commitment to continuous learning and professional growth.

-Technical Skills

Languages & Frameworks: Flutter, Dart, Java, Python, C, C++, PHP, JavaScript, Node.js, Laravel, SQL

Mobile Development: Flutter, Firebase (Auth, Firestore, Cloud Functions), REST APIs, State Management (Provider, Cubit, BLoC)

Tools & Platforms: GitHub

UI/UX Design: Material Design, Responsive Design, Figma (basic), Theme Customization, Localization

Soft Skills: Adaptability, Communication, Self-Learning

-Professional Experience

Flutter Developer Intern — DEPI (Jun 2025 – Present)

- Currently undergoing **Flutter training** with DEPI to enhance mobile development skills.

Flutter Developer Intern — Route Academy (Jan 2025 – May 2025)

- Developed and deployed cross-platform mobile apps using Flutter for Android, iOS, and web.
- Designed responsive UI components following Material Design principles
- Integrated Firebase Authentication, Firestore, and Cloud Functions for backend operations
- Implemented localization and dark/light theming for global user reach and enhanced UX
- Applied scalable state management using Provider and Riverpod
- Successfully completed Route Academy's Flutter development track and earned certification.

-Projects

- Movies App (Route Academy, June 2025)

- [GitHub Link](#)

- Built a feature-rich Movies App using **Flutter**, applying **Clean Architecture**, **MVVM**, and **BLoC**.
- Implemented **authentication**, **advanced search**, **movie details**, **profile & settings management**.
- Ensured **responsive multi-device design** with **localization support**.
- Integrated key packages: `flutter_bloc`, `dio`, `get_it`, `injectable`.

-News App (Route Academy, May 2025)

- [GitHub Repository](#)

- Developed a real-time news application using Flutter and integrated a public News API for dynamic content delivery
- Implemented category-based news filtering (e.g., Business, Sports, Technology) with optimized UI updates
- Added in-app search functionality allowing users to find articles by title or description
- Enabled light/dark theme and language switching directly from the home screen
- Applied MVVM architecture and state management for clean, scalable code and efficient data flow

-Islami App (Route Academy, April 2025)

-[GitHub Repository](#)

- Built an Islamic app offering accurate prayer times, Quran access, and daily spiritual reminders
- Integrated external APIs for precise prayer time data across different locations
- Focused on intuitive navigation, clean UI design, and responsive layout across devices

-Education

Nile University — *B.Sc. in Computer Science*

Expected Graduation: 2026 **GPA:** 3.15 / 4.0

Relevant Coursework: Mobile App Development, Software Engineering, Data Analysis

-Certifications

- Flutter Developer Certification — *Route Academy (2025)*
- **Full Stack Development (PHP, HTML, CSS, JavaScript, Node.js, Laravel)** — NTI
(Ongoing, Aug 2025 – Sep 2025)
- **Cyber Security Fundamentals** — NTI (Ongoing, Aug 2025 – Sep 2025)

-Languages

- **Arabic:** Native
- **English:** Proficient

-Interests

- Mobile App Development
- Exploring New Technologies
- UI/UX Design
- Community-Driven Software Solutions
